REMARKS/ARGUMENTS

Claims 10-13 are pending.

Claims 1-9 and 14-15 have been cancelled.

The specification has been amended to introduce priority information in the first paragraph of the specification and "Brief Description of the Drawings" at page 13. Support for the amendments can be found in the specification (e.g., original drawings 1-15 and the Examples), as originally filed.

Applicants also submit with this paper Replacement Drawings 3-6 to correct an error because products illustrated at figures 3-6 are Compound 1 and Compound 2, not the products identified by SEQ ID NO: 1 and 2. Support for the amendments can be found in the specification, e.g., on pages 21, section (b), and page 23, sections (c) and (d).

No new matter is believed to have been added.

A Notice of Allowance for all pending claims is requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
